

LOOK WHAT WE ARE LEARNING

This week we will be playing in the Woodlands. There will be fun activities set up for children to learn and explore in. Of course our week will end with our class taking a trip to the Boston School Forest on Thursday. We are very excited to go and enjoy this opportunity to learn while in nature.

Other things we will learn this week include writing the letters Y and Z, as well as reviewing D, E, and F, and the number 9.

This time of year brings lots of review and some preparations for next fall. With this in mind our social/emotional piece will begin addressing these things. It is very exciting to start talking about how things may be different in the fall and how they may be the same. Of course review is always valuable.

Clifford and Emily Elizabeth

Clifford went with Crescens for a bike ride, and a birthday party for his friend. They also had lots of fun playing. On Monday Clifford went to Madison with Crescens to a doctor's appointment. Later they went to Gigi's Cupcakes and to the zoo. The tiger came right next to them by the window. That made his mom a little nervous. It was a great visit!

Emily Elizabeth went with Cole over night to Grandma and Grandpa's. There was movies, outside play and supper at Bullheads. Saturday was spent outside in the nice weather. Cole and Eli also had swimming lessons. Yard work with Dad, bike riding and cleaning filled the day. Then there were friends that came over. Sunday was a lazy day. Lounging, reading, playing Playstation, bird hunting, a movie and Culver's finished the day. What a great weekend.

REMINDERS

KINDERGARTEN VISITATIONS

If your child is going to miss school for Kindergarten visitation or Round Up or any other thing like that, please let us know ahead of time. It helps for planning and attendance taking. Thank you for your help.

SUMMER BIRTHDAYS

We will begin celebrating our summer birthdays this month. As you can see on this letter and on the snack calendar I have included those birthdays and the day they can bring a birthday treat.

WE'RE INVITED!

The Museum of Natural History at the UWSP has invited all 4K Families to come to see their exhibits for free on Saturday, April 29 from 10 am to 1 pm. There will be a scavenger hunt and activity pages available. Please plan to attend.

ACTIVITY CALENDAR

Please continue to do the activity calendar with your children. Many are activities you do or could easily work into your day.

APRIL 17

Just a reminder that we do have school on April 17. It was originally scheduled off, but due to inclement weather days the district is choosing to make up a missed day at this time. If you have questions please let us know.

GAME BAGS

We are about done with our game bags and books. We are missing three game pieces and one die. If you have these at home or find them please return them as soon as possible.

Boston School Forest

On April 13 we will have the opportunity to go to the Boston School Forest. It is a very neat nature center run by the school district and that they allow the 4K to experience in the spring. We will be gone our whole class time, but it is very fun. Please contact me if you have any questions.

Clothing

Please check that your child has size and weather appropriate extra clothing in their locker or back pack. Spills happen and it is easier if they put on their own extra clothing.

APRIL/JUNE/JULY BIRTHDAYS:

April 24	Max Fandre
June 29	Nora Juncer (4/27)
July 17	Danica Paulsen (4/17)

APRIL DATES

April 13	Class Trip to Boston School Forest
April 14	Canaland is closed
April 17	Snow make up day (there is school)
April 29	4K Family Day At UW-Stevens Point Museum of Natural History
